TO WHOMSOEVER WHICH IT MAY CONCERN**BUILDING SAFETY CERTIFICATE**

This is to certify that I have visited all the buildings of "The Scindia School" situated at "The Fort" Gwalior (M.P.) including Academic Blocks, Administrative Blocks, Residential Dorms for Students, Residences for Principal and Staff, Mess and other structures in the Premises.

I further certify that all the buildings and structures in the premises met the structural Safety requirements for all situations including natural disasters as per National Building Code of India and Relevant codes. Buildings are constructed in parts. Some Building are having old construction and have been renovated time to time while some buildings are looking new. In general no crack and other structural faults and weakness are seen in buildings . The Buildings are well maintained.

So, on seeing from all point of view, the school buildings are safe and suitable for school purpose.

Thanking You,

Sanjay VermaB. E. (Civil), Approved Structural Engineer Municipal Corporation Gwalior and
